COREJAVA | SPRINGBOOT

I'm a graduate aspiring to be a software engineer. I'm enthusiastic about diving into Java and Spring frameworks, eager to master these technologies. With an intermediate knowledge in Java, Spring framework, automation, communication and collaboration, I share my learnings through Hash node blogs and posts.

EDUCATION

Bachelor's Degree   BTECH - Computer Science & Engineering   2019-2022
DNR Engineering College , Bhimavaram(7.79)
Diploma - Computer Engineering   2016-2019
A.A.N.M & V.V.R.S.R Polytechnic, Gudlavalleru (7.0)
SSC   2015-2016
Jnanananda   English medium school , Elurupadu (6.7)

PROFESSIONAL SKILLS

- **Programming Languages:** Java, JavaScript
- **Frontend Technologies:** HTML, CSS. Bootstrap.
- **Backend Technologies:** Spring Boot
- **Databases:** MySQL
- **Version Control:** Git

PROJECT/INTERNSHIP EXPERIENCE

Detecting Emotion from Text

- **Technologies Used:** Python ,NLP, Machine Learning.

- This project focused on detecting emotions in text documents, a content-based classification problem. It utilized concepts from Natural Language Processing (NLP), Machine Learning (ML), and Deep Learning to identify emotions expressed through written text.

ABC Travels

Technologies: Core Java, JDBC ,SQL

- Developed a dynamic, menu-driven travel booking application in Core Java using Collection API, featuring user-friendly interfaces for tasks like new admin registration, account locking, and journey planning.
- Implemented features including date validation, fare calculation with surge pricing and GST on weekends, rescheduling, and user account management, with comprehensive exception handling for enhanced user experience.

Go Green Website
Technologies*:* HTML, CSS, JavaScript

- Created a responsive website offering compost and fertilizer guidance with reusable components and dynamic content.

Personal Portfolio Website
Technologies*:* HTML, CSS, JavaScript

- Developed a professional portfolio to showcase skills and projects, featuring responsive design and smooth navigation.

E-commerce Website Clone
Technologies*:* React.js, JavaScript, CSS

- Developed a functional e-commerce UI with product listing, filtering, and cart functionality.

Spotify Clone
Technologies*:* React.js, JavaScript, CSS

- Created a music streaming app interface mimicking Spotify's design and features like playlists and search.

CERTIFICATIONS

Java Full Stack Development Course   *(Aug 2024 – Present)*
Frontlines Edu Tech (FLM) – Online Training

SQL Certification
Frontlines Edu Tech (FLM) – Online Training

Workshop on Industrial-Oriented C Programming
DNR college of engineering

CORE COMPETENCIES/STRENGTHS/PERSONAL TRAITS

- Self-motivator & Able to perform under pressure

- Quick Learner & Adaptive Mindset

INTERESTS/HOBBIES

- Creating web sites

LANGUAGE COMPETENCIES

Telugu: Native language, English: Fluent (Speaking, Reading, Writing);
